

## **2016 Virginia Woodturning Symposium Demonstrations**

### **Barry Gross Demonstrations**

**Demonstration #1** - Pen making from beginning to end. The attendee will learn all the steps to create a pen, such as: choice of pen kit, material selection, how to drill the pen blank on a lathe, squaring the pen blank, techniques on turning the blank, finishing the pen blank and last assembling the pen blank.

**Demonstration #2** - Demonstrating different finishing techniques for your acrylic pen blanks and CA glue finish and friction finish on wooden blanks.

**Demonstration #3** - Clear casting techniques will be demonstrated. The attendee will learn how to make their own clear-cast pen blanks.
